## Lesson 1: The Human Age

**Learning Goal:** We are learning how humans shape the environment.

**1) "The human species is now the dominant force shaping the natural world." - Diane Ackerman**

*Is this statement true or false? Explain.*

**2) "She's Alive" Observations**

*What are some important/ big ideas from the video?*

**3) A Day Made of Glass Video**

*What can humans accomplish when they put their minds to it?  
What does this mean for the environment (consider both good and bad)?*

**4) Geo Journal 1 Planner (jot down the key ideas you will include in your journal entry)**

*How can we use our skills as humans to fix environmental damage? Choose and explain one idea.*

Geography Journal One is due \_\_\_\_\_. Submit on a separate piece of paper or online. **Do not hand in Box 4 above, that is your planner, not your journal.**
